MS924-0 PGT Induction and Your Professional Development

23/24

Department
Warwick Medical School
Level
Taught Postgraduate Level
Module leader
Alyson Quinn
Credit value
0
Module duration
24 weeks
Study location
University of Warwick main campus, Coventry

Description

Introductory description

This module already exists as NT901/5; however the revised module does not carry a CATS value

Module web page

Module aims

- To enable students to develop a thorough understanding of the School and University processes, regulations and courseunderpinnings for their programme of study.
- To develop an increasing level of self-awareness of their academic and professional development needs.

Outline syllabus

This is an indicative module outline only to give an indication of the sort of topics that may be covered. Actual sessions held may differ.

Regulations/guidelines and support available for PGT study
Referencing and plagiarism, assessment submission and feedback;

Attendance and engagement, evaluation, pastoral care, SSLC, staff roles and student responsibilities;
Study spaces and resources (Library and VLE).
Course structure and progression planning.
To self-assess and improve academic and professional skills development with signposting to support/resources
Communication skills/academic writing
IT skills (word processing, track changes, database searching).
Identifying links between PGT course and CPD by creating a PDP for use throughout duration of study.

Learning outcomes

By the end of the module, students should be able to:

- 1. To recognise the relevant regulations/guidelines and support available for PGT study, including aspects of referencing and plagiarism, assessment submission and feedback, attendance and engagement, evaluation, pastoral care, SSLC, staff roles and student responsibilities, study spaces and resources (Library and VLE);
- 2. To have some awareness of their course structure and plan their own progression over the study period;
- 3. To self-assess and improve their academic skills including: communication skills/academic writing, publications, referencing, plagiarism, TurnitIn, IT skills (word processing, track changes, database searching);
- 4. To articulate how their studies relate to their ongoing development by developing a Personal Development Plan (PDP)
