Module aims

To provide a broad and integrate introduction to business that consolidates prior learning and experience, and generates an interest and enthusiasm for the study of business.

To present opportunities for development of a range of practical, presentational, personal, interpersonal, cognitive and transferable skills.

Outline syllabus

This is an indicative module outline only to give an indication of the sort of topics that may be covered. Actual sessions held may differ.

- Business Fundamentals.
- Strategy, Vision and Mission.
- Modern Management.
- Value Propositions.

- Operations Management.
- Business in Practice Field Trip.
- Marketing Mix.
- Project Management.
- The X, Y and Z Generations at Work.
- Business Plans.

Learning outcomes

By the end of the module, students should be able to:

- Demonstrate knowledge and understanding of organisations and the business environment in which they operate.
- Identify and discuss issues relating to operations, management, marketing and strategy.
- Analyse and evaluate the interplay between the organisation and its operations, management, marketing and strategy.
- Think critically in order to solve business problems.
- Analyse and evaluate business data and sources of information.
