Description

Introductory description

This optional module aims to introduce students to, or enhance their existing knowledge of, queer theory and praxis. Queer has emerged as a form of activism, a sexual identity, a deconstructive theory and methodological approach. This module enables us to evaluate critically the benefits and limitations of queer as a scholarly resource. In order to do this the module brings a queer analysis to key sociological concerns.

Module aims

This module aims to introduce students to, or enhance their existing knowledge of, queer theory and praxis and enable them to evaluate critically the benefits and limitations of queer as a scholarly resource. Taking a feminist approach, the module brings a queer analysis to key sociological concerns. The module is designed as an optional module for final year UG and PGT students.

Outline syllabus

This is an indicative module outline only to give an indication of the sort of topics that may be covered. Actual sessions held may differ.

The module addresses the question 'what can queer tell us about ...?' by exploring different substantive areas pertaining to different staff and student expertise in any given year. Indicative syllabus is:

1. Queer history and activism
2. Queer theory, queer praxis
3. Queer methods and methodologies
4. Queering time and space
5. Embodiments, identities and performativities
6. Research and reading week
7. Queering health and dis/ability
8. Queering race and nation
9. Queering kinship
10. Queering education

Learning outcomes

By the end of the module, students should be able to:

- By the end of the module students should have an understanding of: 1. The history of queer as a scholarly and political approach, including its (contested) relationship to sociology
- 2. What might be meant by queer method and how, when and why such methods might be deployed in sociological contexts
- 3. The challenges, rewards and potential problems of queer approaches in relation to a range of sociological themes and empirical concerns.
