## Description

### Introductory description

The main aim is to build on participants' knowledge of the global economic and business environment and link this to strategies for managing in changing global contexts.

[Module web page](#)

### Module aims

Key questions are: How do changes in this environment affect the ways in which companies do business and managers manage across borders: How should firms and individual managers respond (in theory)? How can they respond (in practice)?

Topics will include: the drivers and processes of internationalisation, cross-cultural management challenges, the assessment of overseas investment opportunities and the specific challenges of emerging markets.

### Outline syllabus

This is an indicative module outline only to give an indication of the sort of topics that may be covered. Actual sessions held may differ.

Globalisation and Multinational Enterprise

Trade and Foreign Direct Investment

Global and Regional Integration, International Financial Markets and Institutions

International Culture

Global Competitive Advantage Global Multinational Enterprise (MNE) Strategy and Structure

Selecting the Market and Entry Mode, Cross-Border Mergers and Acquisitions

Culture, Negotiation Strategy
