Description

Introductory description

This is an elective module available for WBS and non-WBS students. To find detailed availability and to apply for this module, log in to my.wbs.ac.uk using your normal IT login details and apply via the my.wbs module application system. Once you've secured a place on my.wbs you should apply via your home department's usual process, which usually takes place via eVision. Note that you do not require the module leader's permission to study a WBS module, so please do not contact them to request it.

Students who successfully complete this module will have a deep understanding of the theory and practice of optimally combining securities into portfolios, institutional understanding of security markets, and some of the issues that a fund manager faces in putting theory into practice. They will be familiar with the theoretical and applied literature on modern portfolio management and investment analysis.
