

MA3K5-120 Intercalated Year Abroad

26/27

Department

Warwick Mathematics Institute

Level

Undergraduate Level 3

Module leader

Marco Schlichting

Credit value

120

Module duration

52 weeks

Assessment

100% coursework

Study location

Department approved university partner for study abroad

Description

Introductory description

Students will study during a full academic year at a university abroad.

Module aims

The module provides students with the opportunity to demonstrate the ability to study abroad for a year at a host University approved by the department, to experience and gain a deeper understanding of the social and cultural environment of the host city and country, to improve foreign language skills, to travel abroad and achieve personal development in preparation for employment and global citizenship.

Outline syllabus

This is an indicative module outline only to give an indication of the sort of topics that may be covered. Actual sessions held may differ.

Details vary depending on the approved courses and availability at host institution(s). The workload must be a minimum of 1200 hours to maintain equivalence with that expected for a 120 credit module.

Learning outcomes

By the end of the module, students should be able to:

- demonstrate qualities and transferable skills necessary for working or studying in another country and in a different academic system
- demonstrate improved oral and written foreign language skills
- demonstrate enhanced understanding of different cultures, norms, customs and traditions

International

The student will study abroad.

Subject specific skills

These depend on the individual student.

Transferable skills

Ability to work and study in a different country and culture. Improved language skills where the delivery is not in English Improved communication skills particularly where the language of delivery is not English Improved understanding of cultures and countries outside of the UK

Study

Study time

Type	Required
Placement	1,180 hours (100%)
Total	1,180 hours

Private study description

No private study requirements defined for this module.

Costs

No further costs have been identified for this module.

Assessment

You must pass all assessment components to pass the module.

Assessment group A

	Weighting	Study time	Eligible for self-certification
Assessment component			
Reflective Learning Diary of Study Abroad	100%	20 hours	No
Account of student's positive and negative experiences reflecting on a year's study abroad. This should be useful for future Warwick students wishing to go abroad.			

Reassessment component is the same

Feedback on assessment

Coursework feedback.

Availability

Courses

This module is Core for:

- Year 3 of UMAA-G105 Undergraduate Master of Mathematics (with Intercalated Year)
- Year 3 of UMAA-G101 Undergraduate Mathematics with Intercalated Year
